ClickShare C-5

Making hybrid collaboration flow in small, medium meeting rooms and huddle spaces

- **Full BYOD support**

- **Seamless content sharing with Button or Desktop App**

- **Enhanced security, connected and cloud managed**

A hybrid workplace requires seamless collaboration and the flexibility to easily share content, on screen and remote even in the smallest meeting rooms in your company. ClickShare C-5 is the wireless presentation hub that makes your hybrid meetings flow in one click.

Find out what's new in the latest ClickShare update

Easily share content from your device

Start a meeting within seconds. Anyone, including guests, can share content wirelessly to the central room display in full HD. With just one click in the ClickShare App, from any laptop (Pc or Mac) or mobile device for better workflow integration. Or with the ClickShare Button if you prefer a Plug&Play solution (sold separately). No cables, no training needed.

With full BYOD support on a 4K canvas, our wireless presentation solution drives an easy hybrid collaborative experience in all your enterprise meeting rooms to make your content stick. We support screen mirroring with Airplay, GoogleCast and Miracast.Enjoy advanced collaboration features like view the room display on your own device or decide what you share, either your full screen or a single window.

Enhanced security and seamless integration

Designed for enterprise rollouts, the IT-grade C-5 offers you enhanced security features (ISO27001 certified) and a wide range of connectivity options. With the XMS Cloud Management Platform you enjoy remote management of units and clear analytics to drive your digital workplace. For practical questions on network deployment of the ClickShare Conference range, check our technical support or get in touch with your Barco contact.
